

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office

April 4, 2000

LB 341, 819, 1021, 1234A, 1410

those of us who are fashioning the law have some areas of uncertainty, we can imagine what it might be for those who simply read what we have come up with. So, I'm going to see if I can prevail on Senator Schimek and Senator Wickersham, who have done so much good work in the past, to work together to give us that clean, clear white copy that Senator Kristensen was speaking of so that we will know what we have done today, where we are. Then when we get to Select File I'm hoping that there will have been some work done, so if we cannot have one comprehensive amendment including all of these main points, that the individual amendments that will be offered will be in the appropriate form and will say what the introducer intends to have them say and we'll be able to roll right on. I do appreciate the time that you all have given, and that's about all that I can say, other than this one thing. With all of the kinds of things I was hearing said outside the Chamber about what a fractious, raucous, rowdy discussion this would be, I only have to apologize to the public for having disappointed them. You all have been so well behaved, so civilized that I almost don't know where I am today, but I'm glad to have been here and I appreciate everything you've done. And I ask that this bill be advanced.

SENATOR CUDABACK: Thank you, Senator Chambers. You've heard the closing on the advancement of LB 1021. The question before the body is, shall LB 1021 be advanced to E & R Initial? All in favor of the question vote aye, opposed nay. Have you all voted who care to? Record, please, Mr. Clerk.

CLERK: 35 ayes, 2 nays, Mr. President, on the advancement of LB 1021.

SENATOR CUDABACK: LB 1021 does advance. Mr. Clerk, items for the record?

CLERK: Mr. President, amendments: Senator Wickersham, LB 1021; Senator Wehrbein, LB 1410; Senator Jensen, LB 819; Senator Schrock, LB 1234A. And I have a motion from Senator Wehrbein that LB 341 be placed on General File pursuant to Rule 3, Section 19. That will be laid over. That's all that I had, Mr. President. (Legislative Journal pages 1554-1556.)
